

Programme at a glance

Time	21 May (Wed)	22 May (Thu)	23 May (Fri)	24 May (Sat)
09.00		Registration	Scientific Program	
10.00		Opening Ceremony		
11.00		Coffee Break		
12.00		Scientific Program		
13.00		Lunch		
14.00		Scientific Program		
15.00		Coffee Break		
16.00	Nordic Board Meeting	Scientific Program		
17.00		NOF General Assembly	National Meetings	
18.00				
19.00	Get together Party	Welcome Reception	Congress Dinner	
20.00				

Thursday 22 May

Time		Thursday 22 May									
09:00-10:00		Registration									
10:00-10:30		Opening Ceremony									
10:30-11:00		Coffee Break									
Room	Congress Hall			Harlekin/Columbine			Pjerrot				
	Vestibulogy			The Tonsils			HPV and cancer				
11:00-11:30	HR Andersen	On Human Giddy whirls – Results from electro-acoustic stimulation (EAS) and future perspectives on inner ear cell/drug based inner ear therapy									
11:30-11:50	167 M. Klokker	Myths and facts about the spinning chair - Copenhagen experiences on BPPV 3-D position chair treatment		11:40-12:00	TBA E. Hultcrantz	Tonsillectomy or tonsillotomy - Why are there Nordic differences		11:40-11:55	60 E. Garnæs	Rising prevalence of human papillomavirus in histological validated tonsillar squamous cell carcinomas in Eastern Denmark	
11:50-12:20	TBA M. Magnusson	Stocktaking on the use of the video-HIT in the dizzy patient		12:00-12:20	102 J. Stalfors	Data from The Swedish National Tonsil Surgery Register can be used for clinical improvement programs		11:55-12:10	97 D.H. Jensen	Human papillomavirus in head and neck squamous cell carcinoma of unknown primary is a common event and a strong predictor of survival	
12:20-12:35	58 C. Tjell	Pain and other symptoms in patients with chronic benign paroxysmal positional vertigo (BPPV)		12:20-12:35	24 J. Wiksten	Bacterial Species in Peritonsillar Abscesses detection by microarray method in 180 pus aspirates		12:10-12:25	153 M. B. Avnstorp	Human papilloma virus and oropharyngeal cancer in Greenland 1994-2010	
12:35-12:50	62 MN Møller	The human endolymphatic sac: A regulator of fluid homeostasis and the primary immunological organ of the inner ear		12:35-12:50	29 T. Klug	Incidence and microbiology of peritonsillar abscess the influence of season, age, and gender		12:25-12:40	21 C. Grønhøj Larsen	Correlation between human papillomavirus and p16 overexpression in oropharyngeal tumours: a systematic review.	
								12:40-12:55	48 MV Josiassen	Correlation between HPV status at T- and N-sites of oropharyngeal squamous cell carcinomas	
13:00-14:00		Lunch									
Room	Congress Hall			Harlekin/Columbine			Pjerrot				
	Rhinology/Skull base			Education			BAHS				
14:00-14:30	15 C. Buchwald	Rhinology in Denmark – our contribution to a rapid evolution		14:00-14:30	154 M. Hultcrantz	ENT in Developing Countries and ENT in Europe Today A Comparison.		14:00-14:15	107 M. Høgsbro	Long-term stability of a bone anchored hearing implant using a processor loading time of 2 weeks.	
14:30-14:50	TBA T. A. Osnes	Skull base surgery, open and endoscopic approaches		14:30-14:45	42 RG Jensen	The ENT tele Journal club – an innovative approach to learning and sharing ideas		14:15-14:30	2 L. Edfeldt	Cost-utility in middle ear implantation	
14:50-15:05	94 S. Renkonen	Toll like-receptors 3, 7 and 9 in Juvenile Nasopharyngeal Angiofibroma		14:45-15:15	17 U. Pedersen	Information from the UEMS-ORL Section with special focus on the European main specialty and Subspecialty education programs and logbooks.		14:30-14:45	78 D. Hougaard	Transcutaneous BAHA – Preliminary results	
15:05-15:20	43 K. Håkansson	Airway inflammation in chronic rhinosinusitis with nasal polyps and asthma the united airways confirmed		15:15-15:30	30 M. Reznitsky	Does an Introductory ENT Course Immediately Improve Clinical Decision Making?		14:45-15:00	40 K. Eberhardt	First Nordic results of a new bone-anchored hearing aid - 6 months follow-up of 12 Bonebridge implantations	
								15:00-15:20	K. Hägelbäck	Why BAHA- Indications and Technology	
								15:20-15:35	J. Wanscher	Bone-Anchored Hearing Solution: Surgical techniques.	
15:30-16:00		Coffee Break									
Room	Congress Hall			Harlekin/Columbine			Pjerrot				
	Rhinology			Round table - NERN			Stapes				
16:00-16:15	13 B. Lange	Prevalence and disease burden of chronic Rhinosinusitis when evaluating patients recruited from the general population in Denmark		16:00-16:15	98 M. Siegbahn	Otitis; an association for ENT-residents in Sweden		16:00-16:15	138 K. Strömbäck	Stapes Surgery in Sweden – Evaluation of a National Based Register	
16:15-16:30	165 A. Bilde	Inverted papilloma of the nasal cavity and paranasal sinuses: analyses of 98 patients		16:15-16:30	59 M. Värendh	HNS Research Network (NERN)		16:15-16:30	11 M. Nielsen	Bone signaling in middle ear development - A genome-wide differential expression analysis	
16:30-16:45	12 M. Alanin	The interaction between sinus- and lung infections in patients with primary ciliary dyskinesia			NERN			16:30-16:45	51 MS Sørensen	The role of osteoprotegerin, bone remodeling, time and stochastic bone cell behaviour in the pathogenesis of otosclerosis.	
16:45-17:00	164 K. Aanaes	Effects of surgery on lower airways in patients with cystic fibrosis							16:45-17:00	73 SL Bloch	Labyrinthitis ossificans
17:00-18:00		NOF General Assembly									
18:00-19:00											
19:00-20:00		Welcome Reception									

Friday 23 may

Friday 23 May															
Time	Congress Hall			Harlekin / Columbine			Pierrot								
Room	H&N Cancer			OSAS			Round table - Mastoiditis								
09:00-09:30	169	R. Grenman	Inter-Nordic similarities and differences - Head and Neck Cancer	09:00-09:20	174	H. Akre	Obstructive sleep apnea in children	09:00-10:00	113	F. Enokson	Symptomatological intracranial complications to acute mastoiditis in Sweden				
09:30-09:45	168	B. Charabi	Optimizing the setup for diagnosing and treating hand and neck cancer	09:20-09:40		de Vries	Use of Positional Therapy in OSA	Controversies and inter-nordic differences in acute mastoiditis							
09:45-10:00	95	J. Holm	Videostroboscopy. Identifying malignant and precancerous glottic lesions.	09:40-09:55	152	A. Bidarian-Mor	Matress and Pillow for Prone Positioning: A New Treatment for Obstructive Sleep Apnoea								
10:00-10:15	77	MK. Møller-Ma	Sentinel Lymph Node Biopsy for T1/T2 Squamous Cell Carcinoma of the Oral Cavity: Results of a prospective case series	09:55-10:10	114	H Tuomilehto	The impact of weight reduction in the prevention of the progression of obstructive sleep apnea – explanatory analysis of a 4-year observational follow-up trial								
10:15-10:30	TBA	K Lilja-Fischer	Limited Diagnostic Value of Magnetic Resonance Imaging for Response Evaluation of the Neck after Radiotherapy – Especially in p16-positive Disease.	10:10-10:25	117	Bille	Translation and validation of the Stop-Bang questionnaire to Danish								
10:30-11:00	Coffee Break														
Room	Congress Hall			Harlekin			Columbine			Pierrot					
	Oncology			Pediatric ENT			Chronic Rhinosinusitis			Audiology					
11:00-11:20	TBA	S. Dalton		11:00-11:30	31	R. Kuytenstierna	Pediatric ENT - Clinical and Structural Observations.	11:00-11:15	104	H Lind	Efficiency of ESS in Danish CRS patients evaluated for surgery according to the EPOS criteria	11:00-11:15	150	L Tranebjærg	The spectrum of genetic causes of hearing impairment in Denmark
11:20-11:40	TBA	J. Friberg		11:30-11:50	173	M. Böttger	The Anaesthetist Perspective : Dynamic Laryngo-Tracheoscopy of the Pediatric Airway	11:15-11:30	124	J Bonhorst	Chronic Rhinosinusitis is More Prevalent in Patients with Gastro-Esophageal Reflux Disease	11:15-11:30	100	TS Mattsson	When the brain can't hear – diagnosing of auditory processing disorder in Norway.
11:40-11:55	70	NB Wulff	Risk factors for postoperative complications after total laryngectomy following radiotherapy or chemoradiation a 10-year period survey in Eastern Denmark	11:50-12:10	159	M. Wendt	Schrotography of benign cystic lesions of the head...	11:30-11:45	142	M Frenø	Chronic rhinosinusitis with nasal polyps (CRSwNP): Does the need for surgery predict a higher asthma prevalence? An ongoing	11:30-11:45	84	JB Jensen	Noise exposure causing temporary threshold shift initiates permanent changes to the auditory nerve and synapses
11:55-12:10	137	N. Pauli	Exercise intervention for the treatment of trismus in head and neck cancer	12:10-12:25	125	L. Kajosaari	Second branchial cleft fistulae: Patient characteristics and surgical outcome with or without tonsillectomy	11:45-12:00	44	CG Larsen	Allergic rhinitis is often undiagnosed and untreated	11:45-12:00	64	JH Schmidt	Health effects in relation to the exposure of wind turbine noise in a Scandinavian perspective
12:10-12:25	67	H. Carlsen	Nutritional regime to prevent Refeeding Syndrome in Danish surgical head and neck cancer patients	12:25-12:40	35	MH Hermansen	Low incidence of children with acute epiglottitis after introduction of vaccination	12:00-12:15	39	M Gaunshaek	Complement defects in patients with chronic rhinosinusitis	12:00-12:15	86	LB Linnebjerg	Melatonin in children undergoing auditory brainstem response and auditory steady state response
12:25-12:40	89	C. Plascke	Electrochemotherapy in the treatment of Head and Neck Cancer	12:40-12:55	111	R Fiskå	Short term outcome in children after cutting the lingual frenulum	12:15-12:30	25	K Piekarek	Long-term outcome after endoscopic dacryocystorhinostomy for acquired nasolacrimal duct obstruction.	12:15-12:30	141	CS Andreassen	Treatment of hearing loss in osteogenesis imperfecta
12:40-12:55	105	S. Grønlund	The true malignancy rate in 135 operated and unsuspecting patients with proposed lateral branchial neck cyst					12:30-12:50		M. Linden	Tips & Tricks for successful FESS surgery	12:30-12:45	61	D. Gustaityte-Larsen	Clinical recommendations - Tinnitus
13:00-14:00	Lunch														
Room	Congress Hall			Harlekin			Columbine			Pierrot					
	The Thyroid			Round Table - Septum nasi			Free paper session			Cholesteatoma					
14:00-14:15	92	G. Hvilson	Undifferentiated Thyroid Carcinoma in Denmark 1996-2012	14:00-15:10	72	J. Helgren	Controversies in surgical restoration of upper airway breathing problems- beyond septoplasty	14:00-14:20	145	S. Dheyaudee	Bevacizumab and Hereditary hemorrhagic telangiectasia	14:00-14:30	TBA	Jero	Obiturgical perspective to otitis media and it's complications
14:15-14:30	65	KZ Rubeck	Intra- and Inter Observatory Variation of Thyroid Shear Wave Elastography - a Variability Study	Controversies in surgical restoration of upper airway breathing problems- beyond septoplasty				14:20-14:35	6	ER. Rasmussen	Urticaria should not rule out a diagnosis of hereditary angioedema	14:30-14:45	4	L. Edfeldt	Adult cholesteatoma
14:30-14:45	82	K. Karnov	Primary squamous cell carcinoma of the thyroid gland: A case report					14:35-14:50	41	A. Stjernquist	Prognostic factors for outcome in patients with Bell's palsy treated with prednisolone and valaciclovir	14:45-15:00	3	L. Edfeldt	MRI
14:45-15:00	33	K. Larsen	Establishment of benign thyroid surgery as a new task in an ENT-department.					14:50-15:05	139	L. Jonsson	Bells palsy - guidelines for adults	15:00-15:15	122	T. Jung	ENT related cerebral abscess; an institutional review 2007-2012
15:00-15:15	131	JR Sørensen	The impact of goitre and its treatment on the trachea, airflow, oesophagus and swallowing function. A systematic review					15:05-15:20	9	E. Albrechtsen	Outcomes from treatment of facial injuries at Akershus University Hospital in Norway	15:15-15:30	158	G. Bachmann-Harild	An update on immunological markers for perilymphatic fluid fistula
15:15-15:30	54	TT Kristensen	Cellular metabolic changes one year after hemithyroidectomy for benign euthyroid goiter												
15:30-16:00	Coffee Break														
Room	Congress Hall			Harlekin			Columbine			Pierrot					
	New surgical techniques			Round table - NERN			Free paper session			Otosurgery					
16:00-16:15	130	B. Charabi	Nasopharyngectomy via the maxillary approach - the first Scandinavian experience	16:00-17:00				16:00-16:15	93	M. Westergaal	Esophageal foreign body extraction in the Region of Southern Denmark in a 5-year period	16:00-16:15	57	LB Linnebjerg	Longterm followup on tympanoplasty
16:15-16:30	28	H. Channir	Transoral Robotic Surgery An Overview of the Literature, Current National Guidelines and the Clinical Applications in Oropharyngeal Surgery	Controversies in surgical restoration of upper airway breathing problems- beyond septoplasty				16:15-16:30	85	J. Melchior	Fiberoptic biopsy technique offers same day diagnosis for laryngopharyngeal cancers in a fast track regimen.	16:15-16:30	80	SAW Andersen	Graft take-rates and bias in reporting graft take-rates in tympanoplasty. Results from a Danish prospective ear surgery database.
16:30-16:45	112	T. Frisch	Use of submandibular transposition of facial artery myo-mucosal flaps					16:30-16:45	99	P. Nevalainen	Examining globus patients with neck ultrasound and videofluorography - impact on patients subjective outcome three years after the clinical visit	16:30-16:45	79	SAW Andersen	Virtual simulation training in mastoidectomy: The Visible Ear experience.
16:45-17:00	32	T. Frisch	Use of biomesh reconstruction after tumour ablation involving the floor of mouth.					16:45-17:00	149	M Clarsund	Common cold prophylaxis using ColdZyme mouth spray	16:45-17:00	52	MS Sørensen	The Visible Ear Simulator 1.3 / 2.0: New developments and future perspectives.
17:00-18:00	National Meetings														
18:00-19:00	Congress Dinner														
19:00	Congress Dinner														

Saturday 24 May

Time	Saturday 24 May										
Room	Congress Hall			Harlekin / Columbine			Pjerrot				
	Otitis Media			Salivary glands			Vestibular scwhanoma				
09:00-09:15	45	B. Djurhuus	Increasing use of Middle Ear Ventilation Tubes in Children in Denmark	09:00-09:15	162	B Meier	Patient Perceived benefit of Sialendoscopy measured by Glasgow Benefit Inventory	09:00-09:15	123	P Møller	Vestibular schwannoma and Dizziness
09:15-09:30	115	C. Heidemann	Otitis media and caregiver quality of life: psychometric properties of the Danish version of Caregiver	09:15-09:30	90	A Nøhr	Recurrent parotid pleomorphic adenoma surgery and the risk of facial paresis A study of 198 cases in Denmark in the period 1985-2012	09:15-09:30	56	S Hansen	Conservatively managed sporadic vestibular schwannoma
09:30-09:45	101	C. Heidemann	Caregiver quality of life and daily functioning in relation to ventilating tube treatment	09:30-09:45	156	S Schrøder	Incidence of sialolithiasis in Danish hospitals2014	09:30-09:45	27	M Kirchmann	10-year follow-up of hearing in patients with intracanalicular vestibular schwannomas
09:45-10:00	151	A. Bidarian-Mo	A New Device for Treatment of Persistent Otitis Media with Effusion	09:45-10:00	37	ML Juul	Objective and subjective outcome in 42 patients after treatment of sialolithiasis by transoral incision of Warthon's duct a retrospective middle-term follow-up study	09:45-10:00	63	MN Møller	Does dysfunction of the vestibular organs contribute to vertigo in vestibulo-cochlear schwannomas? A human temporal bone histopathology study
10:00-10:15	71	JH. Wanscher	Balloon dilation of the Eustachian tube; a new treatment of obstructive dysfunction	10:00-10:15	163	F. Birch-Johansen	Darier's disease associated with salivary gland obstruction...	10:00-10:15	143	MN Møller	Cochlear pathology contributes to hearing loss in vestibulo-cochlear schwannomas and allows for new diagnostic evaluation and treatment
10:15-10:30	34	M Ersgaard	Spontaneous closure of traumatic tympanic membrane perforations	10:15-10:30	75	LM Leuchter	Risk of recurrence after oral cancer resection with free or close tumor margins	10:15-10:30	1	M Alanin	The Effect of Bevacizumab on Vestibular Schwannoma Tumor Size and Hearing in Patients with Neurofibromatosis Type 2
10:30-11:00	Coffee Break										
Room	Congress Hall			Harlekin / Columbine			Pjerrot				
	Otitis Media			Laryngology			Cochlear implant				
11:00-11:20	TBA	P. Lindholm		11:00-11:30	14	JH Heimdal	Inducible laryngeal obstruction	11:00-11:15	127	N. Udholm	Hearing impaired children with cognitive disabilities are predisposed to a poor outcome after Cochlear Implantation.
11:20-11:35	46	BD Djurhuus	Increased risk of cholesteatoma among non-syndromic orofacial cleft patients and their siblings	11:30-11:45	119	T. Karlsen	Evaluation of speech therapy in patients with Exercise-Induced Laryngeal Obstruction (EILO), two pilot-studies.	11:15-11:30	129	NK Petersen	Patients with Cochlear Implant. Niels.
11:35-11:50	87	P Jensen	Congestion of mastoid mucosa and influence on middle ear pressure.	11:45-12:00	157	T. Karlsen	The Ability of the Norwegian Voice Handicap...	11:30-11:45	83	AL Christensen	Auditory outcome after cochlear implantation in patients with Meniere's Disease
11:50-12:05	88	M Wessman	Mucosal biofilm detection in chronic otitis media a study of middle ear biopsies from Greenlandic patients	12:00-12:15	175	B Dorman	In Office Laryngology Procedures: The Auckland City Hospital Experience	11:45-12:00	134	B Petersen	Perception of Music and Speech in Adolescents with Cochlear Implants – A Pilot Study on Effects of Intensive Musical Ear Training
12:05-12:20	10	M Nielsen	The middle ear immune system change with age	12:15-12:30	103	BJ Klein	Phase 2 clinical feasibility study of a new Speaking Valve with a heat- and moisture exchanger (DualCare) for tracheotomized patients.	12:00-12:15	133	F Michel	Progressively recovering auditory brainstem response in a cochlear-implanted child after meningitis
								12:15-12:30	36	N Dadkhah	Reasons for explantation and surgical results of re-implantation in 713 consecutive cochlear implantations
12:30-13:00	Closing Ceremony										
13:00-13:30	Lunch
