TEACHERS:

Patrick Omoumi

Dr Patrick Omoumi graduated from Paris Medical School and specialized in Radiology. After two fellowships in world-renowned musculoskeletal centers (St Luc University Hospital in 2008 and the University of California, San Diego (UCSD) in 2009), he joined the team of musculoskeletal imaging at St Luc University Hospital as a staff radiologist. Since 2013, he has been at the head of the musculoskeletal unit of the Radiology department of Lausanne University Hospital. [CV](#)

Winston Rennie

Dr Rennie qualified in 1994 and after a basic surgical training in Orthopaedics, Plastic Surgery and hand surgery, he joined the “dark side”, having seen the light! He trained in Radiology and Sports Medicine at the University Hospitals of Leicester and Nottingham University respectively, obtaining his Fellowship in 2003 and Masters in Sports Medicine He completed a Competitive Clinical Musculoskeletal Fellowship at the University of Alberta in 2004, with published research on MRI in Spondyloarthritis, working with the prestigious Canadian Rheumatology/Radiology Consortium. Returned to a Consultant post at the University of Leicester Hospitals where initially trained in Radiology. Recently Appointed Reader in Clinical Musculoskeletal Radiology for his collaborative work with Loughborough University, a premier Sports University in the UK.
