

Ikke-neoplastiske tilstander i lungepatologi

Non-Neoplastic Lesions in the Lower Respiratory Tract

Kurs nr.: TØ-25319

Thursday 26.05.2011

08.00-08.30: *Registration*

Clinical aspects (08.30-10.30)

Dr. Nada Zafran Groh, Lungemedisinsk avdeling UNN Harstad

- Diffuse interstitial pneumonias, idiopathic (IIP) and secondary
- Smoking-induced diseases
- Granulomatous lung diseases (including sarcoidosis, Wegeners granulomatosis, Tuberculosis and mycobacteriosis)

10.30-10.40: *Coffee break*

Radiological aspects (10.40-11.40)

Dr. Trond Mogens Aaløkken, Radiologisk avdeling, Oslo Universitetssykehus Rikshospitalet

10.40-11.00: Radiological pattern of diffuse interstitial pneumonias

11.00-11.20: Granulomatous lung diseases

11.20-11.40: Smoking-induced diseases

Pathological aspects (11.40-17.30)

Professor Helmut Popper, Medical University of Graz

11.40-12.40: Diffuse interstitial pneumonias, idiopathic (IIP) and secondary

12.40-13.30: *Lunch*

13.30-14.30: Epithelioid cell granulomatosis of the lung (including Sarcoidosis, Wegeners granulomatosis, Tuberculosis and mycobacteriosis)

14.30-15.15: Bronchiolitis

15.15-15.30: *Coffee break*

15.30-16.30: Smoking-induced diseases, including emphysema

16.30-17.30: Case teaching

Friday 27.05.2011

Pathological aspects (08.00-17.00)

Professor Helmut Popper, Medical University of Graz

08.00-09.00: Pneumoconiosis

09.00-10.00: Pulmonary hypertension

10.00-10.15: *Coffee break*

10.15-11.00: Metabolic lung diseases

11.00-11.30: The value of bronchioalveolar lavage in interstitial lung diseases and other disorders

11.30-12.30: Vascular disorders of the lung including vasculitis

12.30-13.30: *Lunch*

Dr. Erik Heyerdahl Strøm, Avdeling for patologi, Oslo Universitetssykehus Rikshospitalet

13.30-14.15: Pattern recognition

14.15-14.35: Lung transplantation

14.35-14.55: *Coffee break*

14.55-17.00: Case teaching (Popper/ Heyerdahl Strøm)
