

# Occiput posterior

- and other cephalic malpresentations · For doctors and midwives  
Aabenraa May 2nd 2023

Hospital of Southern Jutland, Aabenraa, Denmark  
Kresten Phillipsens vej 15, 6200 Aabenraa, Entrance F

Occiput posterior is a normal occurring position, but what can we do when it is causing the labour dystocia?

This teaching day will be a mix of latest theoretical knowledge and active hands on training.

Participants will learn intrapartum ultrasound, manual rotation, rotation with ventouse and rebozo for malpositions in labour.

Price: 2400 dkk (323 Euro)

Program and sign up:
