

UPRIGHT BREECH SEMINAR

Aabenraa March 17th 2023

The teachers

Dr. Andrew Bisits

Director of obstetrics at the Royal Hospital for women, Sydney, Australia- a tertiary academic hospital which oversees 4000 births pr year. Expert and lecturer on upright breech birth.

Kamilla Gerhard Nielsen

Implemented Upright Breech in Hospital of Southern Denmark. Organized and held numerous workshops on the topic in Denmark and Europe.

Louise Horskjær

Midwife coordinator at Hospital of Southern Denmark, Aabenraa. Teacher of Upright breech birth since 2018

Karin Raundahl

Midwife coordinator at Hospital of Southern Denmark, Aabenraa

One day seminar on upright breech birth

A concept that evolves around the physiology of breech birth. The participants will learn to diagnose complications in breech birth and solve these challenges by specific actions.

The day contains videos, theory and hands on training.

Upright breech has been implemented since 2016.

The seminar is located in Aabenraa, Denmark.

Adress: Lærings og Forskningshuset, Kresten Phillipsensvej 15, 6200 Aabenraa.
