

Program for høstmøte i Norsk Nevrokirurgisk forening 2016

Onsdag 26 oktober

19.45 Øl og Krøll Restaurant Södöst Moderator: Ulrikke Wiig

Torsdag 27 oktober

09:00-09:10 **Introduksjon og åpning av høstmøtet v/styreleder Frode Kolstad**

09:10-10:30. Frie foredrag Moderator: Rupavathana Mahesparan

- Rupture Prediction Of Cerebral Aneurysms: Nation-wide Matched Case-control Study Of Hemodynamics At Time Of Diagnosis. **Isaksen et al.**
- Management Of Cranial Dural Arteriovenous Fistulas (dAVFs) At Oslo University Hospital (OUS) During The Years 2010-2015. **Sorteberg et al.**
- Moyamoya Disease And Ruptured Distal Choroidal Artery Aneurysm: Treatment Considerations. **Wiedemann et al.**
- Deep Brain Stimulation For Tourette Syndrome. **Egge et al.**
- Benign External Hydrocephalus -- How Many And Who Are They. **Wiig et al.**
- Autologous Amnion In The Surgical Treatment Of Myelomeningocele. Experiences With 2 Patients. **Pedersen et al.**
- Traumatic Pneumorrhachis And Miosis In A Pediatric Patient. **Fiane et al.**

10:30-10:50. Kaffepause og utstilling

10:50-15:40 **Vilhelm Magnus Symposiet 2016:**
Funksjonell nevrokirurgi, "current concepts and future prospects" Moderato-
rer Ulrikke Straume Wiig/Frode Kolstad

10:50-11:20 Invasiv neuronavigated treatment of cluster headache **Erling Tronvik**

11:20-11:50 Epilepsikirurgi; Selection, investigation and treatment **Arild Egge**

10:50-12:10 Pause

12:10-12:40 Trigeminalneuralgia **Erling Myrseth**

12:40-13:00 **Presentation of PhD** - 2015/16 Moderator: **Frode Kolstad**

13:00-14:00 Lunsj i utstillingsområdet

14:00-14:40 **Professor Bengt Linderoth:**

Spinal Neuromodulation for Pain: Beyond the Gate Control Concept

14:40-14:55. Pause

14:55-15:40. **Wilhelm Magnus Lecture by Professor Alim-Louis Benabid**

" Deep Brain Stimulation: from serendipity to neurosciences, from electrons to photons..."

15:40-16:10 Kaffepause og besøk i utstillingen

16:10-16:55 Presentation of the four best abstracts Moderator: Mads Aarhus

- Identification Of Patient Specific Variation In Drug Sensitivity Between Primary Glioblastoma (GBM) Patients Using An Individualized System Approach. **Skaga E et al.**
- Individual Versus Multiple Microelectrode Recordings (MER) In STN-DBS-surgery For PD: A Randomized Double-blind Controlled Trial. **Konglund et al.**
- Incidence And Risk Factors For Unruptured Intracranial Aneurysms (UIAs) In A Population-based Study. **Müller et al.**
- The Norwegian Cervical Arthroplasty Trial (NORCAT). Two-year Clinical Outcome After Single-level Cervical Arthroplasty Versus Fusion. **Sundseth et al.**

18:00 Buss fra hotellet til Ekerbergrestauranten

18:15. Felles spasertur Ekebergsparken.
Oppmøte i besøkssenteret ved inngangen av parken.

19:30. **Gallamiddag på Ekebergrestauranten**

Fredag 28 oktober

08:00-08:30. Kaffepause og besøk til utstillingen

08:30-10:00. Frie Foredrag Moderator: Oddrun Anita Fredriksli

- Epilepsy Surgery In Eloquent Areas -- New Methods Opens For Surgery I More Patients. **Egge et al.**
- Scandinavian Guidelines For Management Of Head Injuries In Children. **Sundstrøm et al.**
- The Ethiopian Neurosurgery Outcome Monitoring Database: Development And Progress With Emphasis On Neurotrauma. **Laake et al.**

- Seizure Outcomes In Relation To The Extent Of Resection Of The Perifocal Fluorodeoxyglucose And Flumazenil PET Abnormalities In Anteromedial Temporal. **Egge et al.**
- Improvement In Health Status After Surgical Decompression For Arachnoid Cysts: A Long Term (5 ± 2 Years) Prospective Follow Up. **Moss et al.**
- Surgical Treatment Of Colloid Cysts Of The Third Ventricle: Incidence And Results. **Aarhus et al.**
- Cannabidiol Improves The Efficacy Of Bevacizumab Treatment In Glioblastoma By Targeting HIF-1alpha. **Obad et al.**
- Coordinated Undermining Of Survival Paths With Nine Repurposed Drugs (CUSP9) And Temozolomide (TMZ) In Patient-derived GBM Samples. **Skaga I et al.**
- Body Mass Index And Body Height And The Risk For Glioma, Meningioma, Pituitary Adenoma And Nerve Sheath Tumour: A Large Prospective Cohort Study. **Wiedemann et al.**

10:00-10:20 Pause

10:20-11:10 Frie foredrag Moderator: Jens Munch-Ellingsen

- Long-term Follow-up Of Patients Treated For Craniopharyngioma. **Håland et al.**
- The Impact Of Body Mass Index And Height On Risk For Glioblastoma And Other Glioma Subgroups: A Large Prospective Cohort Study. **Wiedemann et al.**
- Minimally Invasive Surgery For Intradural Spinal Tumors Is Feasible And Safe. **Helseth et al.**
- Intraoperativ Neuromonitoring In Intramedullary Tumor Resection. **Myrseth et al.**
- Implementation Of Neuronavigation For Spinal Instrumentation - Experiences And Preliminary Results In A 1-year. **Utheim et al.**

11:10-11:15 Pause

11:15-11:45 **Generalforsamling Norsk Nevrokirurgisk Forening**

11:45-12:30 Lunsj i utstillingsområdet

13:00-14:30 **Spinalt symposium**
Norsk spinalkirurgisk forening på Radisson Blu Hotel Plaza
