In Support of Health Personnel in Myanmar

The human rights committee of the Norwegian Medical Association is alarmed by continuing reports of actions of the current police and Myanmar security forces including arbitrary arrests and detention of health personnel and other citizens, attacks against physicians and other health personnel and facilities, and continuing harassment and intimidation of protesters, human rights defenders and journalists.

We are seriously disturbed by their terrorizing, arresting, kidnapping and murdering health care workers for treating protesters. These activities are in total opposition to the international recommendations in the WMA Declaration on the Protection of Health Care Workers in situation of Violence, the WMA Statement on the Protection and Integrity of Medical Personnel in Armed Conflicts and Other Situations of Violence as well as the United Nations Declaration on Human Rights Defenders.

We repeat the call from the World Medical Association that the Myanmar Security forces take immediate action to:

- Guarantee, in all circumstances, the physical and psychological integrity of protesters, including health personnel who are arrested.
- Release protesters and personnel immediately and unconditionally and drop all charges against them since their detention is arbitrary as it only aims at preventing freedom of expression and their human rights activities.
- Put an urgent end to attacks against health personnel and facilities and ensure their protection to provide adequate health care provisions to all.
- Stop all acts of harassment, intimidation, and killing, against protesters, human rights defenders and journalists and comply with all the provisions of the United Nations Declaration on Human Rights Defenders.

- Ensure in all circumstances respect for human rights and fundamental freedoms in accordance with international human rights standards and international instruments, including the International Covenant on Economic, Social and Cultural Rights.
- Cooperate with international fact-finding commissions

Sincerely,

The Human Rights Committee of the Norwegian Medical Association:

Marit Halonen Christiansen (chair), Dragan Zerajic, Kristin Hovland, Inger-Marie Fosse, Katarina Nordeng, Bente Brannsether Ellingsen
